

## 2009 REGION IV 93 BOYS ODP CAMP

### Day 4

Both players and coaches woke up with fatigue in their bones, yet still filled with desire for the day of soccer to come on the fields of Linfield. The weather started off cool and brisk, warmed up in midday, and was capped-off by a perfect evening. The weather matched the perfection of the day. Due to the Herculean effort shown in the first 3 days by all squads and their leaders," the Region IV staff again showed their coaching and player management acumen as the morning sessions were light and refreshing. Region staff coaches brilliantly focused on the mental side, as well as the joy, of the game. Lunch saw the synergy of chicken parmigiana and forearm exercise. After lunch, it was off to the soccer stadium and the 2<sup>nd</sup> Identification Game. A classic tactical chess match between Anthony, "I coached at Harvard so that makes me smart," Latronica and Junior (909 4 life) Gonzalez gave us a well fought 2-2 draw.

The evening games were very competitive once again. The United A vs. United B derby showed brother battling against brother not seen since Antietam in 1862. Despite a tough loss to Oregon, Hawaii showed their generosity by rewarding deserving region coaches with gifts from the island.
