

March 29, 2000

Today after waking up and going to breakfast, everyone had down time again to prepare for our second game in Costa Rica. As we arrived to the field late (because of mechanic problems with the bus) teams were already warming up. After our now routine warm up, the game was off to a start. We were playing a team called UCEM Ajuela. The first half was a battle for both teams, testing their ability to play. Then, 12 minutes into the second half, Allie Bailey passed the ball in front of the goal for Mariana Galvan to finish the goal for Region IV! At the end of the game the score was 1-0, Region IV. Everyone excited for the win, returned to the hotel we ate lunch and freshened up to depart for the flea market! On the way there, our guide Roberto pointed out to us some popular historic landmarks, parks, and buildings. After about an hour of shopping we departed to the bus, walking around the streets of San Jose. Then, it started raining! Everyone enjoyed it because of the hot weather. After returning to the hotel, we had time specifically dedicated to homework. Then later, everyone is going out for dinner.
