

Tent use at the 2007 Far West Regionals

Due to the compact layout at the **Bettye Wilson Soccer Complex**, and in compliance with City of Las Vegas rules, no tents will be allowed to be placed within the fenced playing areas at this location. The Host Organizing Committee has, however, rented a 40' x 40' covered tent (with tables and chairs) for participant use, located near the entrance to the playing areas. This tent will be adjacent to the food vending areas, and is available for all to use.

At the **Kellogg Zaher Sports Complex**, the Host Organizing Committee has reserved a special use area between fields K1 and K2 (see the map on this site, location "B") for team warm-up and state and club tent placement. This is a fairly large natural turf area that can accommodate a number of tents and gatherings. **You should note, however, that no staking of tents is permitted on this site.** Please also note that directly to the north of this special use area are covered picnic areas that can accommodate a large number of people (above area "B" on the site map). This picnic area is covered with permanent shade structures, and includes a large number of picnic tables. Both the turf special use area and the covered picnic areas are available to Far West Regional participants on a first-come, first-served basis.
